

INTERNATIONAL

Building on a tradition of success

www.mmrgrp.com

MMR has worked internationally on projects serving the Caribbean, South America, Asia, Africa and Europe for over 22 years. Our international operations, which include a strong presence in Latin America, have grown to eight companies in Venezuela, Colombia, Ecuador, Trinidad & Tobago, Bolivia, Canada, Equatorial Guinea and Panamá.

MMR International is supported by the strength of our parent company, MMR Group, which provides an extra layer of confidence to the quality and workmanship you are guaranteed to receive.

Whether it is a project in a different part of the world or an emerging technology, MMR International is eager to accept the challenge. Our extensive experience has allowed us to build a labor force of vast resources across the globe, and we pride ourselves in being able to quickly acclimate to the broad range of nuances each new country brings. Experience the MMR tradition of success.
