

MMR Quality Department Special Feature PANEL SHOP

MMR Panel Fabrication Shop

The Panel Shop composes of a 7,000 SF controlled environment located in Belle Chasse, Louisiana. MMR's personnel are not only experienced, but trained professionals that emphasize safety, quality, and integrity service in our work and relationships. The control systems consist of pneumatic, hydraulic, and electronic or a combination of all three that can be either fabricated from In-House design or customer supplied documentation. In addition to the various UL Listing certifications, we are also ISO 9001:2008 compliant.
