## Global Footprint

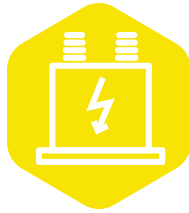

MMR strengthened its footprint by opening six new offices this year.

Domestic offices opened in Kemah, Texas; Salt Lake City, Utah; Surprise, Arizona and Raleigh, North Carolina. Global offices opened in Doha, Qatar and Georgetown, Guyana.

## Services

MMR expanded into new markets and services by adding Mission Critical Construction and Power Engineering and Design Solutions.

## Projects

### Sasol Lake Charles, Louisiana Chemical Complex - Cracker and Derivatives Project

A \$320 million contract value for MMR, the project brought peak manpower to 1,400 employees, logging approximately four million work-hours. MMR received several safety accolades for this megaproject.

**Western Spirit Transmission Line Project**  
Pattern Energy awarded MMR the Western Spirit Transmission Line project in partnership with EC Source. MMR is responsible for the construction of a 165-mile transmission line, which will deliver 1,000 megawatts of new wind power to the existing New Mexico grid.

## Health & Wellness

Through its corporate partnership with Mary Bird Perkins Cancer Center, MMR provided cancer education, prevention and detection services for employees.

## Safety

MMR achieved ABC Diamond status in STEP Safety Management System by demonstrating world-class safety performance.

MMR was recognized with GBRIA's #1 Contractor Safety Excellence Award in the Specialty Trade Hard Craft Category.

## Workforce Development

MMR Craft Training Coordinator/Master Instructor named GBRIA Workforce Development Champion.

MMR introduced its online training curriculum, MMRTV, and a Human Resources Kiosk Web Portal for paperless onboarding.
